Principal Report

- Tomorrow 4/21/21 is the last day to register for summer school.
- Rescue Elementary is the secondary location and Lake Forest Elementary is the primary school for summer school.
- Lake Forest Elementary is the primary location for summer school and Rescue is the secondary location, however, only 450 students have signed up which means that Rescue will not be used as a summer school location.
- There is a leak in the front of the school, located in the main parking lot. A galvanized pipe may need to be dug up to fix the problem.
- The first two weeks of May will be when the SBAC testing takes place for 3rd through 5th grade. We do not want families and kids to feel overwhelmed by this.
- The SBAC testing will only be on language arts and mathematics, science has been waived this year.
- Families will get the results for the SBAC testing in the middle to end of June. Hard copies will be sent out in August.
- Looking at open house as a district, each teacher is to provide a portfolio of each student's work. Summarizing what they have done this year. These portfolios will be sent home the last Wednesday of school **May 26th**. More information regarding open house will be made available soon.
- 5th grade families will have a **information zoom tomorrow 4/21** for promotion information. The promotion parade and events will be discussed in this meeting.

Dustin

- 5th grade promotion will be the last day of school around 10:15AM
- 5th grade families have also been asked to send in a photo of the kids for a slideshow.
- During the drive through they can take pictures and then go to their class. This will also be a minimum day so we will have the school do a clap out and celebrate the 5th graders. More details will come out as we get closer to the event.
- Tomorrow **4/21 is Administration Assistant Day**, we want to celebrate all the work they do for our school and families.
- We will be reaching out to Shannon to see if she can put together a end of year slideshow for the kids.
- In the process of hiring staff for next year. Interviews are currently being conducted. Next year we will be having lower class sizes for the students, plan is to have low 20s in all classes and grades.
